

Charitable Contributions Program Guidance

Lantheus considers requests for charitable contributions from a broad range of charitable organizations. Charitable contributions are permitted if the recipient is a tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code.

Requests for charitable contributions from Lantheus must be made in connection with a general fundraising effort by the charitable entity, rather than a request directed only to Lantheus. In addition, the request for a contribution must come from the organization itself and not from an individual physician, pharmacist, or healthcare professional who is not an employee of the charity.

Please take notice that if your request is in connection with a medical education activity--regardless of your 501(c)(3) status--you must apply using the one of the applicable applications: "Independent Medical Education (IME)" or "Grand Rounds or Journal Clubs".

As with grants, a charitable contribution may not be tied, in any way, to past, present, or future prescribing, purchasing, or recommending (including formulary recommendations) of any drug. Any evidence that suggests that the contribution is tied, in any way, to past, present, or future prescribing, purchasing, or recommending of any drug will cause the request to be rejected, and the request may not be resubmitted.

Before you start the submission process, please be sure to have the following information available:

- Organization's annual budget
- Organizational information, including Federal Tax ID number
- 501(c)(3) designation letter (from the Internal Revenue Service)
- Statement of charitable mission
- Valid e-mail for communications
- Description of organization and mission
- Description of fundraising activity, if applicable

Please note, all checks will be made only to institutions with a valid federal Tax ID. Applicants may undergo a screening process for compliance with federal law, and full cooperation with federal, state and local law enforcement agencies is explicitly agreed to by all parties involved in the submission process.
